

## RANGE ROUTE BOOSTERS SEEK SUPPORT HERE

Miami, Hamilton and Howard Counties Send Representatives Here in Effort to Land Dixie Highway.

Range route boosters for the Dixie highway to the number of 70 met in South Bend Wednesday afternoon, the meeting being one of the most enthusiastic yet held in consideration of the matter that is interesting northern Indiana at the present time. Representatives from Miami, Hamilton and Howard counties were present to enlist the support of South Bend in securing the Range route as the one to be taken by the highway.

No definite action tending towards an alliance with any other county was taken at the meeting, as it is the opinion of the local Chamber of Commerce, which is fostering the interests of South Bend in the matter, that a thorough investigation should be made before any union is entered into.

The advantages of the Range route, which would include Kokomo, Peru and Rochester, and those who desire the selection of the Michigan road through Logansport, have strong claims, and St. Joseph county will not form an alliance with either faction until a local committee has gone over both routes and inspected the roads. This trip will be taken in the near future, after which action will be taken towards uniting with other counties in the fight to secure recognition on the route of the Dixie highway.

**Meeting is Held.**  
The delegations arrived in the city shortly after 1 o'clock, led by the Peru band of 14 pieces, which furnished music at the afternoon meeting held at the Oliver hotel.

Harry J. Engman, Jr., president of the Chamber of Commerce, called the meeting to order, and appointed Mayor Fred M. Keller chairman. Sec'y H. G. Spaulding of the Commerce body, welcomed the visitors, and also gave a report of the meeting of the highway commissioners held recently at Chattanooga, Tenn.

Dugh McCaffery of Peru, president of the Central Indiana Lincoln Highway association, told of the work that is being done in Miami county in improving the roads. He stated that the county is prepared to insure first class roads throughout the county. They are now being oiled and graded, and the bridges repaired. A delegation of 50 men, including D. A. Kessler, C. J. Ward and W. H. Myers, road commissioners, and O. A. King, superintendent of roads, accompanied Mr. McCaffery on the trip.

Hamilton county was represented by H. A. Roberts of Carmel, who advocated that the Range route be adopted, the shortest and best route of the two proposed. He enumerated the things that have been done to improve the roads of Miami county.

**Is National Affair.**  
Sec'y W. S. Gilbreath of the Hoosier Motor Club of Indianapolis, urged the delegates to consider the Dixie highway as a national affair, that should interest the whole state, as well as the whole country. He explained how the movement for the Dixie highway started from the many inquiries received by the Hoosier Motor club as to the best north and south route. Milton Krause of Peru, D. H. Smith of Kokomo and H. P. Loveland of Peru gave short talks, in which they emphasized the necessity of cooperation between the counties of northern Indiana in the securing of the highway.

The slogan, "From the Gulf to the Straits," was advanced by E. Louis Johns, who told of the effort to interest Michigan in the project. He stated that Gov. Ferris of Michigan

## MORE BABIES BY VOTE SAYS WOMAN.

"The crusade for equal suffrage is doubtless the cause for the drop in the birth rate," declares Mrs. Carrol Beckwith, wife of the noted artist. "But this is only a temporary phase. I am convinced that when this country shall have equal suffrage for women there will follow a notable rise in the birth rate."

had already appointed commissioners, who are expected to have considerable influence at the meeting of the commissioners from the various states. A reply was received from Gov. Samuel M. Ralston Wednesday to the resolutions mailed him requesting that he invite Gov. Ferris of Michigan to appoint Dixie Highway commissioners to attend the Chattanooga meeting. Gov. Ralston stated that he felt it would be assuming too much authority to send such an invitation, but in this case would strain a point and suggest to Gov. Ferris the propriety of appointing two representatives from Michigan.

Word comes from Michigan that Gov. Ferris has already appointed three commissioners, they being Philip T. Colgrove, Hastings, Mich., president of the Michigan Highway association; Frank Hamilton, Traverse City, and William H. Anderson of Grand Rapids.

## WRITE HOME TO MOTHER IS PLEA

City Churches Will Devote Sunday Services to Memory of Woman—Day to Be Observed at Y. M. C. A.

Mothers' day, which in a few years has come to be observed with formal ceremony throughout the entire country, will be observed again on next Sunday, May 9. South Bend churches will very generally make the day one for special services, and sermons will be preached with the view of calling the attention of men to the duty that they owe to their mothers. The official flower for the day is the carnation; a white carnation in memory of the mothers who are dead; a red carnation for the mothers who live.

The regular weekly meeting held on Wednesday night at the Westminster Presbyterian church was made a special Mothers' day meeting. The prayer meeting was led by the pastor who made remarks appropriate to the occasion. Others assisted in the meeting by paying tribute to mothers. L. C. Whitcomb rendered a solo, "My Mother's Prayer." Following the prayer meeting, arrangements were made for the Sunday service at which time the church will be decorated with white carnations and the pastor will preach on the subject, "The Place of Honor For Our Mothers."

"Write home to mother," will be the plea sounded at all of the special services in the city on Sunday. The wearing of a carnation on the day is done in order that there may be kept uppermost in the mind the one thought of "Mother." The purpose of the day has found its broader significance in the fact that not only is the plea for mother made to the wandering youth but also to the man of affairs who in the rush of business has neglected possibly to remember as he should his one best friend.

Each man at the Y. M. C. A. will be presented with a flower Sunday morning in honor of the occasion. Invitations, carrying with them a carnation, will be sent to all the mothers of the Indiana Avenue Christian church. The special program at that local department. Special music by the orchestra and a special sermon by the pastor will be given at the morning service. In the evening a memorial service will be held for those mothers who have died.

Special sermons and special Sunday school programs have been announced for the day by Rev. C. A. Lippincott of the First Presbyterian church, and Rev. J. O. Mosier, of the Mizpah Evangelical church.

## GOOD BEFORE MARRIAGE

Wife Says Husband Has Temper Which He Hid at First.

In a petition for divorce, filed in the circuit court Wednesday afternoon, Mabel G. Housouer says her husband, Adam D. Housouer, has an ungovernable temper, traits of which he did not manifest before marriage. She says that they were married at Plymouth and that they have recently lived at Mishawaka until May 1, when, she says, she had to leave her husband because of his abuse. She asks that she be given her maiden name of Mabel G. Werthington.

## ITALIAN HERO IS HONORED AT QUARTO

Monument to Giuseppe Garibaldi is Unveiled—King Absent But Sends Greetings.

QUARTO, Italy, May 6.—The monument erected in honor of Giuseppe Garibaldi, the great Italian patriot and liberator, and his followers, was unveiled here Wednesday.

Gabrielle D'Annunzio, reentering Italy after four years of voluntary exile, made the address of the day. Sixty thousand persons, including over 100 senators and deputies, were present.

Mayor Massone of Genoa read the following from King Victor Emmanuel: "While state affairs, changing my wish, to my regret, prevent me from participating in the ceremony, yet my heart is with you."

"To the fatal Ligurian shore that saw the birth of Mazzini, who first predicted Italy's independence and saw Garibaldi sail towards immortal fortunes, I send my heartfelt greetings, with the same undying love which guided my grandfather."

"Inspired by these memories, we repose the greatest faith in Italy's glorious future."  
(Signed) "VICTOR III."

**YOEMEN MEET.**  
Members of the Brotherhood of American Yoemen enjoyed a social meeting at the regular meeting Wednesday night at Beyer hall.

**Surety and Purity in Your Baking**

**FOUND DEAD.**  
ROCKPORT, Ky., May 6.—Tom Marlin, an employee of the McHenry Coal Co., who left here last evening with \$500 to meet a pay roll, was found dead on the road Wednesday with three bullet wounds in his body. The money was gone.

## HOW TO GET RID OF CATARRH

If you have catarrh, catarrhal deafness, or head noises go to your drugstore and get 1 oz. of Parvint (double strength), add to it 1-4 pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 5 times a day. This will often bring instant relief from the distressing head noises. Closed nostrils will open, breathing becomes easy and the mucous stops dropping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will find it is just what you need.
